Brand New Book ***** Print on Demand *****.This is a summary of Ron Chernow s Alexander Hamilton (2004); a voluminous book which chronicles the life and legacy of one of Americas Founding Fathers. Alexander Hamilton gained prominence as one of Americas Founding Fathers and leader of the Federalist Party. And as Federalist, he was the major proponent for a strong centralized government. A true patriot, Hamilton was a very versatile man. He earned a law degree, worked alongside George Washington, he helped draft the Federalist Papers, and he became the first Secretary of the Treasury. Long after his death, Hamilton remains a significant political figure in the history of the United States. Hamilton had a less than privileged childhood by any standards. His date of birth was never verified, but it was officially documented that he was born on January 11, 1755, in Nevis in the British West Indies. Born to unmarried parents, Hamilton grew up in poverty and had little formal education, unlike that of the other Founding Fathers. At an early age, he took an apprenticeship job with merchant Thomas Stevens. With little formal education This summary is aimed for those who want to capture the gist of the book but don t have the current time to devour all 832 pages. You get the main summary along with all of the benefits and lessons the actual book has to offer. Ant Hive Media reads every chapter, extracts the understanding and leaves you with a new perspective and time to spare. We do the work so you can understand the book in minutes, not hours.
