By Sergei Orlov

Createspace Independent Publishing Platform, United States, 2015. Paperback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book ***** Print on Demand *****.Have you ever wanted to learn a new language but were intimidated by the foreign script? Do you wish you could read Russian but aren't sure how to get started? Are you interested in the Russian language and Russian culture? If so then this course is for you! Other language courses show beginning students a table of the alphabet and then launch directly into dialogues and grammatical descriptions. This is not the ideal way to teach a foreign alphabet and can leave the student feeling discouraged and may cause the student to just give up. Instead of that approach, this course teaches each letter of the Russian alphabet in a systematic way while providing enough practice along the way so that the student learns the entire alphabet without becoming discouraged. With this system you will be able to read the Russian alphabet in only 5 days or less! In addition to the alphabet, this course teaches more than 150 real Russian words that were carefully selected to be of maximum benefit to beginning language students....
