Little, Brown & Company. Paperback. Book Condition: new. BRAND NEW, The Black Hole War: My Battle with Stephen Hawking to Make the World Safe for Quantum Mechanics, Leonard Susskind, At the beginning of the 21st century, physics is being driven to very unfamiliar territory - the domain of the incredibly small and the incredibly heavy. The new world is a world in which both quantum mechanics and gravity are equally important. But mysteries remain. One of the biggest involved black holes. Famed physicist Stephen Hawking claimed that anything sucked in a black hole was lost forever. For three decades, Leonard Susskind and Hawking clashed over the answer to this problem. Finally, in 2004, Hawking conceded. **THE BLACK HOLE WAR** will explain the mind-blowing science that finally won out and the emergence of a new paradigm that argues that the world - your home, your breakfast, you - is actually a hologram projected from the edges of space.
