AMERICAN SLAVERY

To get **American Slavery** PDF, you should access the hyperlink beneath and download the document or get access to additional information that are related to AMERICAN SLAVERY ebook.

Oxford University Press. Paperback. Book Condition: new. BRAND NEW, American Slavery, Heather Andrea Williams, Europeans, Africans, and American Indians practiced slavery long before the first purchase of a captive African by a white land-owner in the American colonies; that, however, is the image of slavery most prevalent in the minds of Americans today. This Very Short Introduction begins with the Portuguese capture of Africans in the 1400s and traces the development of American slavery until its abolition following the Civil War. Historian Heather Andrea Williams draws upon the rich recent scholarship of numerous highly-regarded academics as well as an analysis of primary documents to explore the history of slavery and its effects on the American colonies and later the United States of America. Williams examines legislation that differentiated American Indians and Africans from Europeans as the ideology of white supremacy flourished and became an ingrained feature of the society. These laws reflected the contradiction of America's moral and philosophical ideology that valorized freedom on one hand and justified the enslavement of a population deemed inferior on another. She explores the tense and often violent relationships between the enslaved and the enslavers, and between abolitionists and pro-slavery advocates as those who benefited from the institution fought to maintain and exert their power. Williams is attentive to the daily labors that enslaved people performed, reminding readers that slavery was a system of forced labor with economic benefits that produced wealth for a new nation, all the while leaving an indelible mark on its history.
