Reviews

Good e-book and helpful one. It can be written in basic phrases rather than confusing. I realized this ebook from my i and dad recommended this book to find out.

Brand New Book ***** Print on Demand *****.Excerpt from The French Railroads and the War: Third Part, American Transportation If it be true that we learn from experience and profit by our mistakes, it should be worth our while to review past, events and to draw from them lessons for future guidance. The activities of some of our Army services in France during the Great War have been ably set forth by those who took a leading part in directing them and shaping their policies, but others have lacked unofficial historians willing to compile the necessary records and publish the reports. Among the latter is the Transportation Corps, which was responsible for the movement of our troops and supplies, from their arrival in France before November 11 1918, until their embarkation at the French ports after the signing of the armistice. The French, however, are more methodical than are we, and reports compiled by officers previously trained for, and during the war in charge of, various services are now being published. Among them, on a recent visit to Paris, it was my good fortune to find the one which deals with the French railroads during the war. The preface to this work was written by General Gassouin, who was the French Director General of Military Transportation during most of the year 1918, and to whose helpful cooperation much of the successful accomplishment of our Transportation Corps was due. The body of the report was prepared by Colonel Le Henaff and Captain Bornecque. The former, a regular Army officer who had been assigned to the study of military transportation for many years before the war, was the French representative on the Inter-Allied Transportation Committee, organized...
